

SIGN REGULATIONS FOR PUBLIC HEARING

This document contains the proposed changes to the Darien sign regulations,
These changes are scheduled for public hearing to consider adoption for

June 26, 2018

ARTICLE II - DEFINITIONS

SECTION 210. DEFINITIONS

Delete existing definition of “Sign” and replace with the following:

Sign: Any sign, illustration, lettering, device, insignia or display of any kind, however made, displayed, painted, supported or attached, used for the purpose of advertisement, identification, publicity or notice of any kind, in view of the general public. The term "sign" shall also include any flag, pennant, banner, or other device of any kind, whether with or without letters, figures or other symbol thereon, intended to advertise or attract attention to any business or commercial establishment in any zone or district but shall not include flags of any governmental unit or branch, or of any non-profit charitable or religious organization.

SECTION 220. ILLUSTRATIONS AND GRAPHICS

Delete existing Section 230 “Types of Signs”

ARTICLE IX - SUPPLEMENTARY REGULATIONS

Delete existing Sections 920 -931 and replace with the following:

SECTION 930. SIGN REGULATIONS

931. Background and Purposes

It is the purpose and intent of this section to:

1. Accommodate signs for identification, direction, and as a form of communication;
2. Protect the public safety by regulating the size, height, location and lighting of signs in order to avoid undue distractions to motorists and pedestrians;
3. Maintain and enhance the aesthetic and historical values of the community by regulating the size, height, location and lighting of signs and by establishing standards for signs that are well designed and pleasing in appearance with good design relationship and materials;
4. Aid in implementing the strategies in the Plan of Conservation and Development related to maintaining and enhancing community character, and
5. Provide a reasonable and comprehensive system of sign controls to provide for fair and equal treatment of all sign users.

These Sign Regulations are intended to place restrictions on the time, place, and manner (when, where, and how) of signage so that the purposes stated above may be accomplished. This includes restrictions on size, height, location, and number of signs that may be displayed.

Unless specifically allowed as provided within Section 934, no sign shall be established, constructed, reconstructed enlarged, moved or structurally altered except in conformity with these Regulations and until a sign permit, if required by this section, has been issued.

932. Categorization of Zoning Districts

For the purposes of Section 930, zoning districts in Darien shall be categorized as follows:

Category	Zoning Districts
Pedestrian-Oriented Business Districts	CBD, CBD-CS, NHR, NB
Automobile-Oriented Business Districts	DC, DB-1, DB-2, SB, SB-E
Office Districts	OB, DOR-1, DOR-5
Single-Family Residential Districts	R-2, R-1, R-1/2, R-1/3, R-1/5, R-NBD
Multi-Family Residential Districts (1)	DMR, 3.7AH, DCR, LW
Other Districts	PR, MU

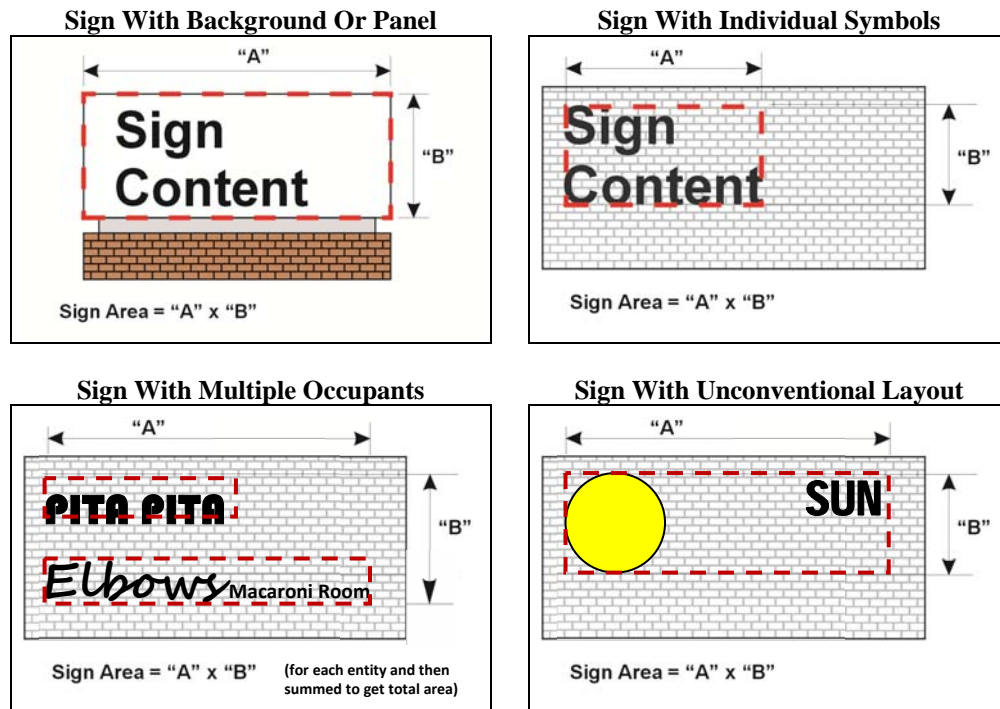

Notes:

1. Regardless of the underlying district, any multi-family development in the DBR district (overlay) shall be considered a multi-family residential district for the purposes of Section 930.

933. Sign Measurement

- A. Sign area shall be measured as provided below:
1. In the case of any sign consisting of one or more sign panels (or a background different from the building where the background is considered by the ZEO to be an integral part of and clearly related to the sign), the sign area shall be the smallest rectangle which encompasses the sign panel and all of the lettering, wording and accompanying designs or symbols.
 2. In the case of any sign consisting of individual letters or symbols affixed to, attached to, or painted on a wall, window, or other part of the building, the sign area shall be the smallest rectangle which encompasses all of the letters or symbols and accompanying designs.
 3. In the case of a detached sign, the sign area shall not include the vertical, horizontal or diagonal supports which affix the sign to the ground, unless such supports are evidently designed to be part of the sign.
- B. Sign height shall be measured from the average ground elevation around the base of the sign.

Measurement of Sign Area

936. Additional Provisions

A. Design Guidelines–

1. Signs shall be compatible with the architectural style of the building to which they relate and shall enhance the historic and architectural character of the site and the surrounding area.
2. Signs on the same building or in separate buildings on the same parcel or in the same complex shall demonstrate consistency in the design and placement of signs.
3. When reviewing sign designs, the ARB may consider the following:
 - a. the location, height, and width of the sign and/or sign panel in relation to the building.
 - b. letter height in relation to the proximity of the building to the street, the speed of traffic, the apparent angle of the sign to the sidewalk or street, and other relevant factors.
 - c. the illumination of the sign and its appropriateness given the location of the site and surrounding uses.
4. Unless otherwise given a positive recommendation by the Architectural Review Board, the height of any letter, logo, or symbol on a sign shall not exceed:
 - a. 20 inches in a pedestrian-oriented business district.
 - b. 26 inches in an automobile-oriented business district.

B. Sign Theme –

1. As part of the review for any new building construction or exterior modifications to a building, the Architectural Review Board shall review and endorse a sign concept (size, shape, materials, color, lighting, location) submitted by the applicant.
2. Notwithstanding the above, a property owner may at any time submit a sign concept (size, shape, materials, color, lighting, location) to the Architectural Review Board for review and approval.

C. Sign Content– A sign otherwise authorized by these Sign Regulations may contain non-commercial content, provided that the sign otherwise conforms to the provisions set forth in these Sign Regulations.

D. **Sign Location–**

1. A sign shall be affixed only to that portion of a building or structure which encloses the use to which the sign pertains.
2. No sign shall be erected or placed in such manner so that it obstructs clear vision or safe movement for a motorist entering or exiting any intersection or presents a hazard to vehicular or pedestrian traffic.
3. Provided the location does not obstruct sight lines or pedestrian or traffic movement and does not create a hazard of any type, ground signs, pole signs and monument signs may be placed within the setbacks required for buildings and structures.
4. No ground sign or pole sign in a business district or an office district shall be located within 40 feet of any Residential District boundary line.
5. Where a lot abuts or is within 100 feet of the right-of-way of the Connecticut Turnpike, no sign on such lot shall be erected which faces or is primarily intended to be visible from the Connecticut Turnpike.

E. **External Illumination** - Signs may be externally illuminated provided:

1. The illumination shall be the color white.
2. The light is confined to the surface of the subject sign and shall not be directed so as to create a hazard or nuisance.
3. The source of light (bulb, tube, reflectors, etc.) is shielded from the road and from adjacent properties.
4. No source of illumination shall interfere with motorists' vision of a traffic signal light, street or directional signs or any other sign or device intended primarily for the public safety and welfare.
5. In a Residential District, any indirect lighting shall be white light installed in a manner that will prevent direct lighting from shining on to any street or nearby property and no sign shall be illuminated after 11:00 PM.
6. No flood or spotlighting for illumination of a sign shall be mounted higher than 20 feet above ground level.

- F. **Internal Illumination** - Signs may be internally illuminated in the zoning districts indicated below provided:
1. in a pedestrian-oriented business district, the ARB may give a positive recommendation for a halo-lit wall sign (light fixtures that are within the letter and shine only toward the background wall).
 2. in an automobile-oriented business district or an office district:
 - i. the sign is comprised of individual letters and/or symbols which are internally illuminated through one face (channel-lit front-only or halo lit), or
 - ii. the sign panel is a durable, dark, solid, opaque background (such as metal) and only the individual letters and/or symbols appear illuminated (i.e., a dark background with flush letters in a sign box).
 3. in an automobile-oriented business district or an office district, the ARB may give a positive recommendation for a sign comprised of individual letters and/or symbols which are internally illuminated and the light is visible in multiple ways (such as channel-lit multi-face, extruded letters, front/back lit, front side lit, etc.).
 4. Exposed neon tubes, exposed light bulbs, or exposed light-emitting diodes (LEDs) are not permitted unless expressly given a positive recommendation by the Architectural Review Board.

G. Directional Signs -

1. Directional signs shall be allowed where found to be appropriate so long as they do not exceed two square feet and are solely directional and contain no advertising.
2. In a pedestrian-oriented business district, a commercial use having a direct entrance on a publicly-owned parking lot may be allowed two (2) small directional signs of up to one (1) square foot each provided any such sign is limited to indicating the location of the public entrance to the establishment.

H. Hazards Or Nuisance -

1. No sign shall be so placed as to be a hazard to traffic or the public generally, or a nuisance to the residents or occupants of any other building or premises.
2. No sign shall be erected or maintained so as to obstruct any window, door or opening used for ingress or egress or for fire-fighting purposes, or which interferes with any opening required for proper ventilation.
3. No sign shall be erected in such a manner so that it obstructs clear vision of any public way or drive by either motorists or pedestrians.
4. No sign in other than a Residential District shall be located so as to face any Residential District on the same side of the street on which the property bearing the sign fronts. This provision shall not apply to signs at right angles to the street line of such street.

- I. **Possible Sign Area Increase** – Due to the potential lack of visibility of a wall sign resulting from the greater building setback, the Architectural Review Board may give a positive recommendation for a larger sign area for a wall sign (Section 935.C.1) when there is no detached sign on the premises in accordance with the following table:

Building Setback From Street	Maximum Sign Area Allowed
0-100 feet	As per Section 935.C.1
101-200 feet	Sign area per Section 935.C.1 may be increased by up to one percent (1%) for every two feet beyond 100 feet subject to review and approval by ARB
201 feet or greater	150 percent of sign area as determined by Section 935.C.1 subject to review and approval by ARB

- J. **Non-Conforming Signs** –
1. A non-conforming sign may be repainted or repaired without a sign permit so long as the sign remains unchanged.
 2. Any alteration, reconstruction, enlargement, or relocation of a non-conforming sign shall require a sign permit and such sign permit shall be predicated on the sign being brought into conformance with this Section.
- K. **Maintenance**– All signs, together with their supports, braces, guys and anchors, shall be kept in good repair and in a safe condition. The owner of a sign, and the owner of the premises on which it stands, shall be responsible for keeping such sign and ground around it in a safe, sanitary, neat and clean condition.
- L. **Severability** – If any provision of Section 930 of these Sign Regulations, or the application thereof to any person or circumstances, shall be held invalid, the invalid provisions shall be severable and such invalidity shall not affect other provisions or applications of Section 930 et seq. (Sign Regulations) of these regulations which can be given effect without the invalid provisions or application.

937. Prohibited Signs

Notwithstanding any other provision of these Regulations, the following types of signs are expressly prohibited:

Sign Type	Description
1. Not Expressly Permitted	Any sign which is not expressly exempt or permitted by Section 930 et seq. (Sign Regulations) of these Regulations.
2. Off-Premises Signs	Billboards and other such advertising signs and signs located other than on the lot to which they refer
3. Moving Or Flashing Sign Or Element	Flashing, iridescent, intermittent, light-reflecting, revolving or moving signs, changing image or images, pennants, spinners, streamers, sales signs, special promotional signs, A-frame or other eye-catching devices.
4. Illumination as Signage	Unless given a positive recommendation by the ARB, any lighting of signage or building in such a manner as to constitute a sign including lighting of windows, lighting of interior spaces, or anything else that functions as a sign.
5. Exposed Illumination	Any sign with an exposed source of illumination including string or festoon lights.
6. Sky Signs	Any sign projected into the air or placed in the air by flotation or other means.

938. Sign Approval Procedures

- A. **Sign Permit** – The ZEO may issue a Sign Permit for a sign without any additional reviews under any of the following circumstances:
1. The sign design conforms to these Regulations and is consistent with a sign theme given a positive recommendation by the Architectural Review Board in accordance with Section 936.B.
 2. The sign:
 - is replacing an existing sign (conforming or non-conforming) which is being abandoned, and
 - the new sign will be reasonably similar to the previous sign in terms of size, shape, color, lighting, location, and other relevant factors even though the letters and/or symbols and materials may change and/or is being made more conforming in a material way.
 3. The sign conforms to these Regulations and is reasonably similar to other signs on the building (or on the premises) in terms of size, shape, materials, color, lighting, location, and other relevant factors and/or is being made more conforming in a material way.
- B. **Architectural Review Board**– For other signs that otherwise conform to these Regulations:
1. Application shall be made to the ZEO for initial review of compliance with these Regulations and will then be referred to the Architectural Review Board (ARB) for review.
 2. Upon a favorable report by the ARB, the ZEO shall issue a permit.
 3. If the ARB should give an unfavorable report, the ZEO shall then refer the application to the Planning and Zoning Commission for review and final action.
 4. Should the Planning and Zoning Commission approve the sign, the ZEO shall issue a permit.
